

Bristol LABORATORIES INC.

SYRACUSE · NEW YORK

July 10, 1957

Dr. Joshua Lederberg
Department of Medical Genetics
The University of Wisconsin
Madison, Wisconsin

Dear Joshua:

This will be a short one in relation to the acknowledgement of the disulfonic analog of DAP. It is perfectly OK to use whatever data you have accumulated and we have no objection to your listing us as a source of the material.

With very best regards.

Sincerely yours,

BRISTOL LABORATORIES INC.

Joseph Lein, Director
Microbiological Research
